\* Factoring in those who we were unable to contact/evaluate as "not successful." Considered our most accurate rate.  
 \*\* Excluding those non contactable for evaluation audit. This is what some other programs evaluate themselves on, and we feel that this is inaccurate.  
 \*\*\* Success of those who were activ in follow-up support for at least 6 months. Considered by McGP as second-most accurate success rate as it shows chance of significant progress if one puts in time and effort.
